Years 12 & 13 – Recruitment Agency lunchtime talk 1st Feb – 1315 – D205

year 12 – IOD – Future Leaders programme

IOD Futures Leaders programme – deadline for applications 31st January. This is a work experience scheme sponsored by KPMG in the Crown Dependencies, which allows Year 12 Sixth Form students to spend one week 'shadowing' a Director or Senior Manager working across a number of sectors in the Island. For further information on this brilliant programme do visit www.iod.je/students

Years 12 & 13 – BDO

BDO are at the stage in their annual cycle where they are looking to build their class of trainee accountants for 2023 with them starting as a cohort in August. As always, they like to attract as many local candidates as possible and also like to have a mix of graduates and school leavers.

BDO will pay for study days and for extra exams that give one of the most prestigious professional qualifications in the world in just three years.

Training is designed and delivered to ensure it builds on-the-job training in a way which responds to the changing nature of the profession.

Where BDO may differ from other companies is that they don't force employees to take a certain number of exams at once or force to them to pass first time, they take it at a pace tailored to the exam progress and the individual's needs.

Years 13 - Bursaries

Please can I remind all year 13 students to seriously consider applying for some fantastic bursary offers in the island which can be found here:

<https://www.gov.je/Working/Careers/16To19YearOlds/EnteringHigherEducation/FinancingHigherEducationCourses/Pages/TrustsBursariesGiftFunds.aspx>

Many applications will have a deadline of 31st January.

Every year only a few students apply which means a good chance of being successful. It is not just the lump sum that companies pay out but also the paid work experience which enables students to stand out from other undergraduates and graduates.

Year 12

Is it too early for year 12 students to be thinking about university applications?

If students and parents are well informed about the process NOW, it means that you can put in the work required WHEN IT MATTERS. Especially for *uber-competitive* subjects like *Medicine* and *STEM subjects at Oxbridge*, as well as *US applications*.

There are some upcoming webinars for parents and guardians of students in Year 12. Please see the link below for more information. There are three mega-webinars coming up, helping to inform both parents and students about the application process for these tough subjects.
